This quality design collection is created by Magda from **Mar-Lena embroidery designs** and is copyright protected. Please feel free to contact me if you have any questions or problems.

It is recommended that you cut jump threads, if any, as you go along. Where jumps could not be avoided,

I have made them as long as I could to enable you to cut them easier.

Please also ensure that the correct stabiliser is used. I generally use at least two layers of medium weight tear-away stabiliser, of which at least one must be fixed in the hoop together with the fabric.

2 Layers of Water Soluble Stabiliser such as Avalon Plus works very well.

Please do NOT resize, mirror or change the designs in any other way with any software. If you do we cannot guarantee the quality of the design.

**Design agreement.**

I understand that the embroidery designs may be stitched on items for personal use, gifts or items for resale by the original purchaser only. The design remains the property and ©copyrighted to

**Mar-Lena embroidery designs**. It may not be shared, sold or included in any other sets or media such as CD's or diskettes for redistribution.

We hope you enjoy your selection and invite you to visit us again soon for your embroidery designs
